

I B S Challenge

This challenge will have at least three different disciplines that can be had at each event.

The shooting range will be from 50 yards to 100 yards, depending on the discipline being fired.

Shooters will shoot off of the bench with front and rear support, each target will have from one to four site in targets and will be for no more than five rounds at each. Once the shooter starts to shoot for score they can not go back to the sighters. The shooter will then shoot the amount of rounds to complete the target as follows;

Rim Fire: to shoot for score, there will be one round fired at each of the 25 targets. Possible 250 points. If there is more than one hole in any of the targets, you lose that score on that target and the intended target.

Center Fire: after shooting at the site in target, the shooter will shoot for score, one round at each of the 5 scoring targets. Range will be 100 yards, off the bench, front and rear support. Possible 50 points. Only one hole per target.

.17 caliber, same rules as for center fire shooters. Possible 50 points.

All games have a \$1.00 entry fee, and the winner of each game will get a portion of the entry fee.
